Training Options

The screenshot displays two training options side-by-side. The 'ONLINE BOOTCAMP' option is priced at ₹ 39,999 and is marked as 'Preferred'. It lists features such as 90 days of flexible access, lifetime access to recordings, and 24x7 learner assistance. It also shows class start dates for August 28th and September 4th, with a 'SHOW ALL CLASSES' link and an 'ENROLL NOW' button. The 'CORPORATE TRAINING' option is described as 'Customized to your team's needs' and lists features like a blended learning model, flexible pricing, an enterprise-grade LMS, and 24x7 learner assistance. It includes a 'CONTACT US' button.

NOTE: Make the design like our competitors. Don't copy 100% but make our designs like them so that we can compete them.

5. About page, Blog, Contact us page

6. User dashboard with purchase history

Features

1. Embed one demo video on course page.
2. Login Registration through email ID and mobile number with verification (national and international)
3. USD INR rate automatic convertor on the header. The price rates on the website will automatic change with these selection.

4. Create coupon – Category wise, product wise, all products wise, etc.

5. Payment Gateway: Razor pay and Paypal.

6. **Most Important: URL structure or slug of the website should not change.**

For example: For CEH course page, the URL is <https://securiumsolutions.org/courses/cehv11-certified-ethical-hacker/>

This should remain same on the new website.

Before Delivery
